## Alle important informations:

Our bicycle scavenger hunt will take place again on 28 June. Ride your bike to various stops and activities in the city. At each station you will receive a sticker with one of Magdeburg's landmarks for your personal bike collection card. At some of the stations you will put your knowledge to the test, at others you will do craftwork or compete against your team members in mini-games.

You can start your tour at one of  **6 locations** in the city. There you will receive a postcard on which you put your stickers from the individual stations. There are a total of 15 stations to discover. In which order you visit them is totally up to you. There are short tours that are also suitable for children, but those who want to make kilometres on their bikes can also look forward to longer rides. From 3 p.m. to 6 p.m. you have time to cycle through as many stations as possible. Those who have collected at least **10 stickers** will have the opportunity to take part in a small prize draw with their team at 6:30 pm in front of the ADFC, Breiter Weg 11a. **We wish you a good ride! Happy puzzling, tinkering and discovering!**
